## **NAPCOR ADDS FIVE MORE TO GROWING MEMBER ROSTER**

***PET Trade Organization Welcomes Custom Polymers PET, Marglen Industries, PWP Industries, Peninsula Plastics Recycling, and UltePET, LLC***

***Sonoma, California, September 24, 2009*** – The National Association for PET Container Resources (NAPCOR) announced today five new additions to its member roster: Custom Polymers PET of Athens, AL; Marglen Industries of Rome, Georgia; PWP Industries of Los Angeles, California; Peninsula Plastics Recycling of Turlock, California; and UltePET, LLC of Albany, New York.

PWP Industries joins as part of NAPCOR's PET sheet and thermoformed packaging member category. Custom Polymers PET, Marglen Industries, Peninsula Plastics Recycling, and UltePET, LLC all supply recycled PET to the PET industry; they join the suppliers-to-the-PET-industry member category. The new additions boost NAPCOR membership to a total of 42 companies, comprised of manufacturers of PET resin; PET bottles and jars; PET sheet and thermoformed packaging, and suppliers to the PET packaging industry.

NAPCOR's Chairman, Tom Busard, expressed enthusiasm about the burgeoning NAPCOR membership, "We look forward to getting all of our members around the table at our upcoming meetings, as NAPCOR continues to provide leadership and project-based work pertaining to issues that affect our industry."

Look for the upcoming release of NAPCOR's annual "Report on Post Consumer PET Container Recycling Activity" for 2008, available in late October on the NAPCOR web site, [www.napcor.com](http://www.napcor.com).

NAPCOR is the trade association for the PET plastic industry in the United States and Canada and is committed to being the credible voice and champion of the PET industry; to facilitate solutions to PET recycling; and to articulate and communicate the attributes of the PET container as a sustainable package.
